CONSENT FORM

I agree to take part in this study on emotional and cognitive capabilities in daily life, which involves completing a **1-hour survey plus seven brief 2-minute daily surveys**.

The benefits that I may expect from the study are:

(a) financial compensation of \$15 if I complete all the measures (specifically, \$5 for the initial 1-hour survey, \$1 for each of seven 2-minute daily surveys, and a monetary bonus of \$3 if I complete all of the above (i.e., the initial survey plus all seven daily surveys))

(b) an opportunity to contribute to scientific research

The questions posed to participants in the survey are minimally invasive and pertain to thoughts and feelings that I may commonly experience in daily life. I may choose to skip questions that I do not feel comfortable answering. I can withdraw from the study at any time and still receive compensation for the works that I have completed up to that point. If I wish to withdraw my responses from this study at any time, I will contact Chong He (Chong.He16@mail.rotman.utoronto.ca), and the researchers will discard my responses immediately. In addition, I can withdraw my responses even after completing the study. If I choose to withdraw, my data will be destroyed and not used by the researchers.

I realize my data will be treated in a secure manner, and that this web site will not covertly collect any information that could identify me (such as machine identifiers). Furthermore, I am aware that every effort will be made to ensure confidentiality of any information that is obtained in connection with this study. I will be asked to provide my Turk Prime ID on each of the surveys I will complete to enable the matching of my responses on the different surveys. My Turk Prime ID will be converted to a code number after all data have been matched and before data analyses. After any identifying information is removed, the researchers may post the dataset on research database sites for reviewers or colleagues to verify the analyses.

I understand that I may contact the principal investigator, Stéphane Côté, (Tel: 416-978-5704; Email: scote@rotman.utoronto.ca) or the University of Toronto's Ethics Review office (Tel: 416-946-3273; email: ethics.review@utoronto.ca) if I have any concerns or questions about my involvement in the study.

Upon completion of my participation, I will receive a full written explanation about the purpose of this research. The research study I am participating in may be reviewed for quality assurance to make sure that the required laws and guidelines are followed. If chosen, (a) representative(s) of the Human Research Ethics Program (HREP) may access study-related data and/or consent materials as part of the review. All information accessed by the HREP will be upheld to the same level of confidentiality that has been stated by the research team.

I have read the information letter and the consent form and understand that participation in this study is completely confidential and voluntary.
